Boston's Best!

BOSTON

SEPTEMBER 15-21, 2018

Boston is more than beans. It is one of the oldest cities in the United States and offers an unmatched variety of treats including historic walks, great food (think pizza and lobster), a rich art scene and even a Presidential library.

Seven days will give us the chance to really explore the city and surrounding area with some free time too. This is high season in Boston for a reason. Fall parades the natural beauty of New England in its full regalia as leaves begin to turn and the weather moderates. The mansions of Newport and the battlefields of Lexington and Concord claim equal credit for making this an unforgettable trip.

In addition to a visit to the JFK Presidential Library, we really need a lovely ladies tea. The Boston Public Library offers the setting for our real Boston tea party.

Please join me for this remarkable trip steeped in American history.
